

PPWR: EU Declaration of Conformity

Document: B1: Moulding Pallet

This Declaration of conformity is made in accordance with the (EU) 2025/40 on Packaging and Packaging Waste Regulation (PPWR)

This declaration applies strictly to all packaging materials supplied by Mainline Mouldings Ltd in the product transport system identified below:

- **Product Name:** Moulding Pallet
- **SKU:** Products with numerical code XXX-XXXX e.g. 604-0075 and POL-XXXX
- **Description:** Product shipping system consisting of the wood pallet, pallet strap and pallet wrap used to transport multiple 3000mm (max) length single-wall corrugated moulding boxes (white or brown, branded 'Polcore' or 'Mainline') that are sealed with packaging tape and Mainline self adhesive tape.
- **Dimensions of Pallet:** 1m x 2.2m x 3m (approx)
- **Components:** see table below.

Packaging Component	Material Type	Material Recycle Code	Net Weight per Unit (kg) *	Recycled Content %	Recyclability %
Wood Pallet <i>Shipping</i>	ISPM 15 Heat Treated Wood	PAP 20	28.5kg	<i>To Be Confirmed</i>	100%
Pallet Wrap Clear, 400mm 12mU <i>Shipping</i>	LDPE Plastic	04 LDPE	Varies	30%	100%
Pallet Strap Green 19x1.27mm 16x0.77mm 19x1mm <i>Shipping</i>	PET Plastic	PET 01	Varies	100%	100%

* Net weight is based on an average. Packaging quantity / weight may vary depending on the product ordered. Weight provided as a guide only.

Compliance with Essential Requirements

- Article 5 (Heavy Metals): Total concentration levels of lead, cadmium, mercury, and hexavalent chromium do not exceed 100 mg/kg across all components (box, tape, adhesive, and ink).
- Article 6 (Substances of Concern): Packaging is PFAS-free - n/a as non food packaging.
- Article 7 (Recyclability): Designed for recycling / recycled content - see above.
- Article 9 (Packaging Minimisation): Empty space has been minimised relative to the product volume, fulfilling the maximum 50% empty space ratio requirement.

Technical File & Document Retention

Upstream supplier documentation including safety data sheets are securely held at our UK site. In compliance with PPWR enforcement guidelines, these technical records will be retained for a minimum period of **ten (10) years** and will be made available to EU national market surveillance authorities upon legitimate request.

Declaration

We hereby declare that the packaging supplied with the above-mentioned product transport system complies with the applicable requirements of the Packaging and Packaging Waste Regulation (PPWR), based on the information available at the time of issue. This declaration is based on a combination of: supplier material declarations, internal technical assessments and available analytical test data.

Valid from 12th August 2026.
